

## « SIEE Pollutec 2023 » 18<sup>th</sup> International Exhibition of Water Equipment, Technologies and Services 16 – 18 May 2023 SAFEX - PINS MARITIMES - ALGIERS

Symbiose-Communication-Environnement organized the 18th International Water Equipment, Technology and Services Exhibition "SIEE Pollutec 2023". This Exhibition, which takes place annually since 2005, brings together key Algerian and international stakeholders in Algeria's water sector under the sponsorship of the Ministry of Hydraulics.

**8,140** professional visitors, decision-makers and prescribers attended the Exhibition to find out for themselves a diversified offer of equipment, technologies and services presented on the stands of suppliers, manufacturers, distributors and service-providers. "SIEE Pollutec 2023" welcomed more than **140** exhibitors. This year again, the local offer was very dynamic with 60% of Algerian companies - mainly market leaders - and attracted many international companies, mainly from Europe.

**12 countries were thus represented** this year with a strong Turkish participation carried by Meridyen Fair, France, China, Portugal, Italy, Germany, Russia, Brazil, Netherlands, Switzerland, USA and United Arab Emirates.

The official inauguration of the show took place on May 16 in the presence of **Mr. Taha Derbal, Minister of Hydraulics, Mrs. Fazia Dahlab, Minister of the Environment and Renewable Energies, Mr. Ali Aoun, Minister of Industry** and **Mr. Mohamed Abdelhafid Henni, Minister of Agriculture and Rural Development** with the presence of Her **Excellency Mrs. Mahinur Özdemir Göktas, Ambassador of Turkey**.
